

# Higher Times (feat. Jesse Boykins III)

## The Internet

Can't give up on love  
No time to waste more time  
No time to waste more time  
Hold on to the feeling  
Move to higher times  
Move to higher times Can't give up on love  
I can't, I can't, I can't give up on love  
Higher times  
Higher times  
Higher times  
Higher times, times, times, times  
Can't give up on love  
No time to waste more time  
Hold on to the feeling, yeah  
Hold on to the feeling  
Move to higher times  
Move to higher times Move to higher times  
Move to higher times  
Move to higher times  
Just don't don't give up on love  
Can't give up on love I want you to feel good  
Just like you know you should I want you to feel good  
Just like you know you should I want you to feel good  
Just like you know you should  
I want you to feel good  
Just like you know you should I want you to feel good  
Just like you know you should I want you to feel good  
Just like you know you should I want you to feel good  
Just like you know you should I want you to feel good  
Just like you know you should I want you to feel good  
Just like you know you should I want you to feel good  
Just like you know you should I want you to feel good  
Just like you know you should I want you to feel good  
Just like you know you should I want you to feel good
