## Sum 41

Today, it's too late  
How long do we have to wait.  
Oh no, I think she knows  
That's why I can't let go. I feel this burning inside  
A feeling that no one should know.  
This could be so good again  
I'd wait here till then.  
But not with this  
So now I'll leave with.  
No apologies  
I never thought to be so.  
Easily deceived Now I'll just hang my head (falling further out of place).  
While I walk with the dead (all the lies I can't erase)  
I'll just hang my head!.  
We're mad with regret  
Memories that we'll both forget.  
So far it's been so hard  
To cover up these scars.  
I see this falling apart  
It's easy to just let it go.  
No luck between us both  
So why keep waiting.  
But not with this  
So now I'll leave with.  
No apologies I never thought to be so.  
Easily deceived  
Now I'll just hang my head (falling further out of place).  
While I walk with the dead (all the lies I can't erase) I'll just hang my head!.  
What's left to show  
It's so bad but I got to know.  
What's right don't know How to find it out on my own.  
One by one we both fall down  
Who's the first one to hit the ground now.  
What's worse taking the fall Or be stuck standing alone.  
I'll keep your promises if you  
Take back every thing I said. I find it's got so cold now  
That I've lost my heart and soul.  
No apologies  
I never thought to be so.  
Easily deceived  
Now I'll just hang my head (falling further out of place).  
While I walk with the dead (all the lies I can't erase)

I'll just hang my head!  
Hang my head!
