

Love Someone

Kyle Bent

[Chorus] How do you know you love someone?
How do you know you love someone?
How do you know you love someone?
How do you know it? How do you know it? 4x[Bridge] When I
I see that look in your eyes
And I know that I'm feeling your vibe
And I know that youre good for my life
Yeah yeah
When I
I get that feeling inside
And I know that its real on both sides
When I know that its real and your mine
Yeah yeah yeah[Chorus] How do you know you love someone?
How do you know you love someone?
How do you know you love someone?
How do you know it? How do you know it? 2x
[Verse 1] How do you know you love someone?
When hanging out is so much fun
It feels like youre the only ones
How do you know it? How do you know it?
How do you know you love someone?
When its ok to trust that one?
Dont need hands to touch that one
Its all soul yeah, and yall know it
How do you know you love that
When no matter what you just come back
Cause between you two's where the drugs at
Feel high, so so high, so so high
The clouds your above that
Lets just chill right here wheres the rush at
Baby
I need you maybe
I might love you babe
[Chorus] How do you know you love someone?
How do you know you love someone?
How do you know you love someone?
How do you know it? How do you know it? 4x[Verse 2] there ain't too much worry
When Im with you there ain't too much hurry
Imma ride ya curves too much swervin
Girl if I get burried with you, thats perfect
Take you to a place where you never been
Girl with them guys you could never win

Your vibe got me thinkin bout settling
The vibe got you thinking this was heaven sent
Girl let me take ya down
Things dont feel right when you ain't around
Everytime I leave Imma come back round
Reunite with me call that lost and found
You can't fight the wave
Say you gotta leave but you might just stay
See it in your eyes girl its bright as day
You know whats on your mind, its alright just say it, yeah[Chorus] How do you know you love
someone?
How do you know you love someone?
How do you know you love someone?
How do you know it? How do you know it? 4x
