

# Skyline

## Norman Greenbaum

Skyline, fadin' away from me  
I can no longer see  
Skyline, no I'm goin' away  
But I'll be back eventually  
You know that I miss you  
There's lots of things that I gotta see I know, there are many things  
Waiting for me  
I know that these many things  
Are waiting there for me  
And I gotta see them  
There's lots of things that I gotta see  
Wait for me, wait for me, wait for me  
I'm comin' to you  
Wait for me, wait for me, wait for me  
I'm comin' to you Skyline, fadin' away from me  
I can no longer see  
Skyline, a thousand miles away  
I'll be back eventually  
You know that I miss you  
There's lots of things that I gotta see Wait for me, wait for me, wait for me  
I'm comin' to you  
Wait for me, wait for me, wait for me  
I'm comin' to you  
Comin' to you, skyline  
Comin' to you, skyline  
I'm comin' to you  
I'm comin' to you
