

# Solitude

## Candlemass

I'm sitting here alone in darkness  
Waiting to be free  
Lonely and forlorn I am crying I long for my time to come  
Death means just life  
Please let me die in solitude Hate is my only friend  
Pain is my father  
Torment is delight to me Death is my sanctuary  
I seek it with pleasure  
Please let me die in solitude Receive my sacrifice  
My lifeblood is exhausted  
No one gave love and understanding  
Hear these words  
Vilifiers and pretenders  
Please let me die in solitude, yeah Earth to earth  
Ashes to ashes  
And dust to dust Earth to earth  
Ashes to ashes  
And dust to dust Sitting here alone in darkness  
Waiting to be free  
Lonely and forlorn I am crying I long for my time to come  
Death means just life  
Please let me die in solitude, yeah Earth to earth  
Ashes to ashes  
And dust to dust  
Earth to earth  
Ashes to ashes  
And dust to dust Earth to earth  
Ashes to ashes  
And dust to dust Earth to earth  
Ashes to ashes  
And dust to dust  
And please let me die in solitude
