

Still On My Brain

Justin Timberlake

Beautiful days are long gone
I can't seem to breath
Feels like it hasn't been that long
Since you walked away from me Now I can try to act real strong
But you and I both know
I still think of you that way
You should know that Beautiful lights, the star filled nights
They don't mean a thing
'Cuz you are my star
So it don't seem right without you here with me Now I can try to act real strong
But you and I both know
It's hard for me to say
You were my soul
Now I could say that I don't love you no more
And I could say that I've closed the door for our love
And I can tell you I feel it's time for us to go our seperate ways
But baby I just wouldn't be the same 'cuz girl your love is still on my brain Now when you're in
love, it takes time to heal
When someone's broken your heart it changes how you feel
Girl I, thought that you would never do me that way
But even after all I still think of you that way Now I could say I don't love you no more
And I could say that I've closed the door for our love
And I can tell you I feel it's time for us to go our seperate ways
But baby I just wouldn't be the same 'cuz girl your love is still on my brain Now love is a game
that we both like to play
Will I win or lose if I go or if I stay, yeah?
Even though I tried to hide my broken hearted side
Girl you know me inside out and I can't get you off of my mind
Now I could say I don't love you no more
And I could say that I've closed the door for our love
And I can tell you I feel it's time for us to go our seperate ways
But baby I just wouldn't be the same, girl your love is still on my brain La la la
La la la
La la la
