

Nolita Fairytale

Vanessa Carlton

I know you know, we don't see
And so our truths wait patiently I walk the streets with a song in my head
(We ebb and we flow so)
Got my toes on my pup at the foot of my bed
(My heart always seems to know)
Now take the glitz back, I want the soul instead
'Cause I found some kind of fairytale I used to hover outside my truth
Always worried 'bout what I'd lose
Take away my record deal
(Go on, I don't need it)
Spent the last two years getting to what's real
(And now I can see so clear)
I hope you feel just like I feel
I found some kind of fairytale
Want a garden by the ocean tide
'Cause I lose my way searching for stage lights
Well, Stevie knows and I thank her so
'Cause it's your seeds I sow
And now I know Nolita flat on rent control
(That's the life I choose)
And you drag me to the fashion show
(The poses that I see through)
Ruby's in the afternoon
'Cause I found some kind of fairy... tale!
Hey!
A Nolita fairytale (Ba da da da da da, Ba da da da da da)
A Nolita fairytale (Ba da da da da da, Ba da da da da da)
A Nolita fairytale
A Nolita fairytale
A Nolita fairytale
