

# Safe and Sound

Chris Cornell

Think of a time  
When morning will come  
And you will wake up without the feeling  
That half the world has gone insane  
You'll open your eyes  
Reading your paper, a drink from your cup  
No one was burning down the town while you were sleeping I've never seen but I believe  
In a promised land Why can't we pull this together?  
One and all, now and forever  
Why can't we pull this together?  
We can say we finally found a world around us safe and sound  
Think of a place that you could believe in whatever you want  
Not keep it secret  
Have to risk your life just to be yourself  
A place where you'll walk safely no matter your color or age  
More than the greed of you and me  
Decides the fate of the day I'd never seen but I believe  
In a promised land Why can't we pull this together?  
One and all, now and forever  
Why can't we pull this together?  
We can say we finally found a world around us safe and sound I'd rather see you set it free than  
watch the curtains coming down Think of a life that won't take the breath from somebody else  
One where you're seeking more than yourself  
Why can't we pull this together?  
One and all, now and forever  
Why can't we pull this together?  
We can say we finally found a world around us safe and sound Why can't we pull this together?  
Now and forever  
Pull this together  
We can say we finally found a world around us safe and sound I'd rather see you set it free than  
watch the curtains coming down...
