You know I gotta get this stolen,  
cause I can't take us living out here strugglin' no more (No more)  
(No more) Hoo  
Listen baby  
Your ears and your neck gotta glisten baby  
And this is crazy  
But this the way it's gotta be  
Baby you're a queen  
Plus I ain't fit to be a man  
So the plan for me  
It's to get the cheese  
Bye any means  
Listen to me  
(Chorus) Every things gonna be alright  
So relax yourself baby  
Please cycle (not sure on this word here) down  
Relax yourself  
Please cycle (?) down It ain't nottin' nice  
It ain't nottin' nice  
It ain't nottin' nice now Said it ain't nottin' nice now It ain't nottin' nice  
It ain't nottin' nice  
It ain't nottin' nice now And when we make it  
I'm gonna fly you to the moon and back  
Visit the stars  
Yes you are  
(You are)  
So beautiful to me  
Beautiful as can be

Good God sent you to me (?)  
 You're and angel  
 And I hope these streets don't take me  
 Down the wrong road we gonna make  
 Trust in love 'cause it's amazing  
 Yes it is  
 So please  
 Just trust in me  
 Listen to me girl(Chorus)Every things gonna be alright  
 So relax yourself baby  
 Please cycle (not sure on this word here) down
