

# Shaken

## Shiny Toy Guns

Running in circles  
Chasing pain  
Of yesterday  
Shaken... fearful  
Because I've come  
Back for what is trouble  
Still...I will wait it out  
I will wait it out  
I will wait it out  
I will not be shaken  
Strange calls to meet those  
Who feel and know  
How to give up  
The stage lights  
And heroes  
Razor pain  
Rubbed it all away, love  
Still...Didn't notice it right away  
Didn't notice it until it was too late  
I'm gonna change my desire  
For your all consuming fire  
Didn't wanna cry out at night  
Didn't wanna stop at mid flight  
I didn't plan for the fall  
When I was running from it all...  
Have I no evil  
Citizen Cain  
Slowed — my desperate running  
Still...
