

# In Between (feat. BANKS)

## 6LACK

[Verse 1: 6LACK]

Stop trippin' over me, yeah  
Gave each other something to believe, yeah  
Instead of sellin' me a dream, yeah  
Just tell me what I need, yeah  
Friends claim they wanting what we got  
But little do they know, it ain't sweeter  
Forgetting all the friction when we high  
A little smoke will make you a believer [Chorus: 6LACK & BANKS]  
I've always tried to say  
That every something fades  
I'm livin' in-between  
Already tried to leave  
[Bridge: BANKS]  
Ask me for space, I told you
