Girl I know this might seem strange But let me know if Im out of order For stepping to you this way See Ive been watching you for a while And I just gotta let you know That Im really feeling your style'Cause I have to know your name And leave you with my number And I hope that you would call me someday If you want you can give me your's too And if you dont well I aint mad at you We can still be cool 'causeIm not trying to pressure you just cant stop thinking bout you You aint even really gotta be my girlfriend I just wanna know your name and maybe some time We can hook up, hang out, just chill Damn, Im surprised that you called 'Cause the way you walked away I thought I wasnt gon' see you no more Since you didnt wanna give me your name I thought that you were igging me And wasnt digging meBut anyway what you doing tonight? Ill probably be with my peeps If its cool with you maybe well swing by And you can just chill with us or you can just chill with me Long as youre comfortable And you feel secure when your with me 'causeIm not trying to pressure you just cant stop thinking bout you You aint even really gotta be my girlfriend I just wanna know your name and maybe some time We can hook up, hang out, just chill Oh, oh, baby, yeah maybe we can Go and see a movie girl Or maybe we can hang out girl whatever you wanna do Just let me know, its up to youIm not trying to pressure you just cant stop thinking bout you You aint even really gotta be my girlfriend I just wanna know your name and maybe some time We can hook up, hang out, just chillIm not trying to pressure you just cant stop thinking bout you You aint even really gotta be my girlfriend I just wanna know your name and maybe some time We can hook up, hang out, just chillIm not trying to pressure you just cant stop thinking bout you You aint even really gotta be my girlfriend

I just wanna know your name and maybe some time We can hook up, hang out, just chillJust trying to keep it real Ain't out to get nothing from you, oh no, oh no We can just talk about you girl
