

More Than You'll Ever Know

[Nathan Sykes](#)

Hey girl, I'm thinking of you
Get you home with me, and I wanna
Hey, hey, hey
See girl, don't want another
I'm down on my knees, ready to
Hey, hey, hey
It's a cold, cold world when I'm without you
Don't you know, know girl, I'm lucky I found you
And I love you more, oh, more than you'll ever know
And I need you more, oh, more than you'll ever know
So, please, don't misbehave with my heart
Nothing can make me hate you
You're the closest thing to heaven in nature
Hey, hey, hey
No other man's gonna take you
Comin' over me, that's bad behavior
It's a cold, cold world when I'm without you
Don't you know, know girl, I'm lucky I found you
And I love you more, oh, more than you'll ever know
Said I need you more, oh, more than you'll ever know
So, please, don't misbehave with my heart
And please don't misbehave when it's dark
And I love you more, oh, more than you'll ever know
So please, please
Take it down for me baby 3x
baby
Get it up
Get it up for me baby 3x
Say
I love you more, oh, more than you'll ever know
And I need you more, oh, more than you'll ever know
I love you more, oh, more than you'll ever know
Said I need you more, oh, more than you'll ever know
I love you more,
