

# Hey (feat. Afrojack)

Fais

I see the look on your face  
Telling me your story  
You don't have to be alone I love to see you smiling  
Why you trying to hide it?  
Don't you know you've got it all? I... know when you're gone  
Do you think and you live like you want?  
I... know when you're gone  
You're just looking for a little sign of love I said  
Hey!  
Would you come with me  
I said, hey, hey  
Hey, hey  
Hey!  
Would you stay with me  
I said hey, hey Hey, hey  
I said  
Hey! Would you come with me  
I said, hey, hey  
Hey, hey Hey!  
Would you stay with me  
I said hey, hey  
Hey, hey I see the way you're moving  
No need for introducing  
You're everything a man could want  
You and I, we both know  
Only one way this goes  
Baby let me take you home I... know when you're gone  
Do you think and you live like you want?  
I... know when you're gone  
All you're looking for is a little sign of love  
I said Hey!  
Would you come with me  
I said, hey, hey  
Hey, hey  
Hey!  
Would you stay with me  
I said hey, hey  
Hey, hey I said  
Hey!  
Would you come with me  
I said, hey, hey  
Hey, hey Hey!

Would you stay with me  
I said hey, hey  
Hey, heyI said  
Hey!

Would you come with me  
I said, hey, hey  
Hey, heyHey!

Would you stay with me  
I said hey, hey  
Hey, hey
